

Woodrow Wear's Power Paws are an absolute miracle product

Woodrow Wear's Power Paws are an absolute miracle product. What are they? Power Paws are specially-designed doggy support socks. They serve two primary functions. For older dogs whose mobility has been compromised by joint problems or other health issues, Power Paws provide excellent traction. K-9s that previously had enormous difficulty standing up from a lying down position have experienced the greatest of ease in getting up and moving around thanks to Power Paws. Then, for pooches that love frolicking across wood and/or linoleum floors, leaving destructive scratch marks, Power Paws provide a protective cushion; doggies can run all they want without hurting floors or themselves. Woodrow Wear even has a toll-free customer support line, 877.737.3545.
